

Ways Women's Committees Can Use New Technology

While telephone calls and emails may have been the traditional methods of communicating with Sisters, technology has evolved to include methods like Facebook and Twitter. This so-called “new technology” is now viewed as traditional. So if you want to *get in touch* and *stay in touch* with Sisters, determine the communication methods they use and make this the traditional method for you and your committee.

This document contains suggestions on communicating with Sisters who are current women's committee members. There are also suggestions for communicating with potential members.
