

Ways To Decide What SUCCESS Means To Your Committee

Success might mean different things to different committees at different times.

For some committees, success might mean to have more women attend meetings. For other committees, success might mean to have women at meetings focus on *solutions* rather than *problems*.

Given these differences, there is no “one size fits all” approach committees can use to become successful. The key is to know what success means to your committee, *right now*, and to take actions to move in that direction.

Below is a list of criteria you can use to decide what success means to your committee. Check (X) any item that would represent success for your committee.

Customize the list by adding more items to the blank spaces under each category. Or create your own categories by using the spaces at the end of this document.

After you have made your decisions about success, use the document titled: **Questions To Achieve Committee SUCCESS** to create an Action Plan for moving forward.

More Sisters to “Keep Coming” to Meetings	Check (X)
1. More Sisters to keep coming to meetings that are held at physical locations	
1. More Sisters to keep coming to meetings that are held via conference call	
1. More Sisters to keep coming to meetings that are held via video call (e.g., Skype)
